

## **Asbestos Management Plans**

As provided under the Asbestos Hazard Emergency Response Act, (AHERA-EPA 40 CFR 763), the Baldwinsville Central School District hereby makes known the steps it has undertaken to comply with AHERA and the availability of asbestos management plans.

1. Beginning in 1989, all district owned facilities were inspected for asbestos and management plans were developed for each building according to the requirements of AHERA. Reinspections are conducted by the District every three years. The Onondaga/Cortland Madison BOCES Health, Safety & Risk Management was hired to complete the 2013 AHERA Triennial inspection and update the asbestos management plans.

2. Periodic surveillance is conducted every six months.

3. All custodial and maintenance staff have undergone 2-hour awareness training.

4. All response actions taken are within federal and state guidelines.

Management plans may be viewed in the facilities office at 29 E. Oneida St. during office hours from 8:00 a.m. to 4:00 p.m. For more information, please contact Steven Rosenberger, Director of Facilities, 638-6100.
