

Play Another Happy Song

Whenever those cloudy skies come around, I listen to a happy song. Play another happy song.
I never let gloomy days get me down. I listen to a happy song. Play another happy song

We can never tell just what tomorrow's gonna bring.
Little bit of sunshine or a little bit of rain.

Whenever you feel the blues comin' on, listen to a happy song. Play another happy song.

Whenever you feel your world out of place, - Listen to a happy song. Play another happy song.
Music can put a smile on your face. - Listen to a happy song. Play another happy song.

Worries drag you down sometimes but music holds the key.
You can lift your spirits with a cheerful melody.

Whenever you feel those blues comin' on, listen to a happy song. Play another happy song.

I Love A Marching Band

I love a marching band, marching down the street!
I love the uniforms stepping to the beat!
I love the showmanship! How they look so grand!
Oh, nothing brings merriment like a marching band!

Drums and horns are sounding all across the land! Oh, I love a marching band!
Ya ta ta! Ya ta ta ta ta ta ta!

I love a marching band taking to the field.
Keeping in lockstep time, spinning on their heels.
Hearing the spectators cheering from the stands.
Oh, who wouldn't want to be in a marching band?

Drums and horns are sounding all across the land! Oh, I love a marching band!
Ya ta ta! Ya ta ta ta ta ta ta!

The drum major shouts commands! The brass players hale and hearty!
The woodwinds are playing high! A stout band of players are we! (MARCH)

I love a marching band! Play the trumpets loud!
March to the cadence and cater to the crowd!
High-stepping to the end just the way we planned.
Oh, ain't it a happy thing?..... Who wouldn't want to be.....
