Deposit Money into a Student Account

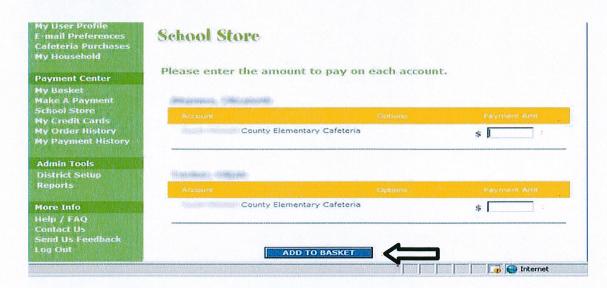

Once you have added students to your Household, their names and schools will appear by clicking the *My Household* link on the left-hand side of the page. This page will also display the current balance available for each student. From this page you can deposit money into a Student Account, view purchase history and add or remove students.

Step 1 - Making a Deposit

Step 5 - Card Verification Code

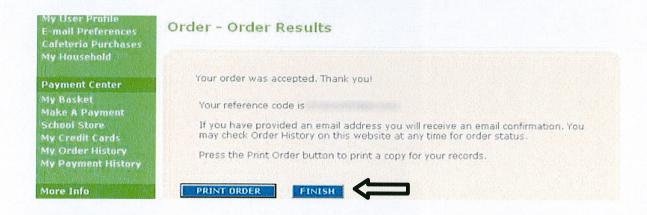

If paying with a credit or debit card, enter the three- or four-digit Verification Code that appears on the card, and then click *Continue*.

Step 7 - Payment Confirmation & Receipt

When your order is complete, you will receive a confirmation number that can be used to locate this transaction at a later date. We recommend you print this page and keep a copy for your records. After clicking Print Oder, a printable receipt (sample below) will open in a new window.

After printing this page, close the receipt window and click *Finish* to complete your transaction.

Payments are typically posted to your student's account shortly after the payment is made. In rare cases, however, it may take longer for the payment to reach the school due to unforeseen issues. If this occurs, please check to ensure that your payment was completed and allow one school day.
