

Hi Everyone!

The Yearbook Staff has one more survey to have students complete to get as much information as we can before our first deadline in November. This survey is for all students, so if you could have students complete this during homeroom tomorrow that would be great. We apologize for any interruptions this may cause, but truly appreciate the help and the participation.

If you could show them this QR code to scan with their phones or post this link on your Google Classroom page that would be awesome.

Thanks again for your help!
