Rights Regarding Referral and Evaluation for Special Education Services

Dear Parent/Guardian:

The purpose of this notice is to inform you, in writing, of your rights with regard to a child's referral for evaluation and services through Special Education.

The Baldwinsville Central School District employs numerous methods to monitor student progress in classroom programs. At some time students display academic and/or behavioral difficulties despite efforts to provide intervention to support their needs in the classroom. When intervention strategies do not result in adequate progress, the Committee on Special Education may request consent to conduct an educational evaluation to determine if special education services are necessary.

New York State Education Department clearly outlines processes and procedures created to protect the rights of students who require assistance through special education services. This information is available in English and Spanish and can be accessed from department websites listed below:

<http://www.p12.nysed.gov/specialed/publications/policy/parentguide.htm> (English version)

<http://www.p12.nysed.gov/specialed/publications/policy/spanishparentguide.htm> (Spanish translation)

Printed copies are available upon request from the district Special Education Office.
