

Dear 3rd grade families,

This year, the young musician in your family will get to explore music through learning the recorder in music class! The recorder is a woodwind instrument similar to a flute or whistle. This program supports active music making in music class while providing the excitement of their first instrumental music experience.

Students have two options for providing their own recorder for use at school.

- 1) Your child can use a recorder they already have at home.
- 2) Order your child their very own recorder through the school for **\$3.00**. Please send exact change in the envelope provided with this letter.

Any questions or financial concerns, please don't hesitate to contact your child's music teacher. We can always work it out!

kkahl@bville.org or 315-638-6118

---

**Please fill out and return to school with payment by Friday December 6, 2019**

\_\_\_ My child already has a recorder they can use until the end of the year and I will send it in a bag (ziplock or a really long sock work great!) labeled with my child's name and class.

\_\_\_ I will be purchasing a recorder from the school for \$3.00. My payment is included in the envelope with my child's name and homeroom.

Child's Name (Please Print): \_\_\_\_\_

Classroom Teacher: \_\_\_\_\_

Parent/Guardian Signature: \_\_\_\_\_
