Inside the Issue

MR. DENTON’S MESSAGE

We made it! We are officially at the halfway mark of the 2nd quarter and soon will be completing our first semester. Time has moved quickly and everyone has truly done an amazing job of keeping our students focused and on track. We have persevered during a very challenging time in keeping students engaged in academics as well as the many athletic, extracurricular, and social activities that we know are critically important to our students' and school community's well being. As we all watch the new variant of COVID provide continued frustration and concern, we must remain steadfast in our commitment to the safety and wellbeing of our students, staff, and families. We will provide updates and reminders regarding protocols in the New Year and appreciate your continued strength and support as we work with the District and the County Health Department to contact trace and ensure we are keeping students safe and in school. We had an excellent day of learning and comradery today and I am so proud of students and staff as they all continue to build the strong relationships that put students’ wellbeing as priority #1. Be sure to take a look at SchoolTool for interim grades and call members of our TEAM with any questions or concerns. Hard copies of interim reports for students needing additional support in some courses will be going out in the first week of January. I hope you are able to experience rest and peace during this holiday break. Enjoy time together, making memories, recalling happy memories, and be excited for the great experiences that lie ahead for our students and your families. Thank you for all of your support and effort so far this year and there are great things ahead for 2022! Peace, joy, happiness, and good health in the New Year!

Gratefully,

Kris H. Denton - Principal
