## District Pilots Air Purification System

This spring the district began piloting an air purification system that features technology evaluated by NASA. The district flipped the switch on the Novaerus Air Purification System in April at Palmer Elementary School.

“This pilot is a response to the flu season this year,” said Steve Rosenberger, Director of Facilities. The flu hit Baldwinsville schools hard over the winter, resulting in a decrease in student and staff attendance. “The height of the flu season got me wondering what more we can do to reduce germs in our buildings. We typically clean surfaces,” Rosenberger commented. “How do we clean the air?”

The air purification system

reduces airborne viruses and bacteria in the air, removes odors, and eliminates mold, pollen and allergens as ionized air attacks pollutants. Improved indoor air quality should lead to an increase in student and staff attendance. “Our goal is to improve learning,” Rosenberger said. A healthier environment in the district’s school buildings means less sick days for students and staff, leading to less interruption in valuable instruction time.

Research by Harvard University, Syracuse University and SUNY Upstate Medical University indicates a link between improved indoor air quality and improved cognitive functioning, which could lead to

improved learning and greater achievement. Additionally, the EPA says that good air quality contributes to a sense of comfort, health and well-being.

Rosenberger noted that Baldwinsville is the first district in the OCM BOCES region to install the system in a school building. Before the system was operational at Palmer, project managers collected air samples and tested surfaces in the building for pathogens. They will compare those samples with new samples to determine if there has been a decrease in pathogens in the building. After evaluating the results of the pilot, the district will determine if it will install the system in its other school buildings.

## B'ville Students Honored for Automotive Skills

The Syracuse Auto Dealers Association has recognized Adam Cooper and Wyatt Shute with its Student Achievement Award in recognition of their outstanding achievements in the OCM BOCES Automotive Program.

On May 3, OCM BOCES honored its Automotive Technology and Automotive Collision Technology students for their outstanding achievements through the Snap-On Tools for Success awards program. Instructors selected students for their excellent automotive technology, math and science skills, as well as for outstanding classroom participation, attendance and attitude.

Two Baldwinsville students were selected for the honor. Tapaingga Bird was selected for Automotive Collision Technology and Lucas Goulet was selected for Automotive Technology. They each received a certificate of excellence and a Snap-On Tools screwdriver, valued at over \$100.

## Band Director Receives Clarkson Award

Casey Vanderstouw, band teacher at Baker High School and the district's marching band director, has been awarded a 2018 Clarkson University Inspirational Educator Award. The university selected award winners from nominations submitted by members of the school's senior class. Gabrielle Piraino, Baker High School Class of 2014, nominated Vanderstouw.

## District FACS Teachers Awarded State Honors

Two of the district's family and consumer sciences teachers have been recognized by the New York State Association of Family and Consumer Sciences Educators (NYS AFCSE) for their achievements. At the May 7, 2018 Board of Education meeting, representatives from the association presented Christina Rode, a teacher at Baker High School, with the 2017 NYSAFCSE FCCLA Advisor of the Year Award. They presented Leslie Schafer, a teacher at Ray Middle School, with the 2017 NYSAFCSE Promising New Professional Award. The awards are a reflection of their dedication to their students and to their profession.

## District's Safety Efforts Recognized with Award

The Utica National Insurance Group has awarded the Baldwinsville Central School District the 2018 School Safety Excellence Award at the Titanium with Honors level, in recognition of the district's efforts to provide its students, staff and visitors with a safe environment. The

district received \$500 to use to further its safety efforts.

Utica National's School Safety Excellence Award Program recognizes school districts that go above and beyond to provide a safe, healthy, and focused culture for learning.

## Alumni News

Dr. Megan Jenkins, Class of 2005, will complete her surgical residency at Bellevue Hospital Center in New York City in June 2018, after which she will begin a Minimally Invasive Fellowship at Hackensack University Hospital in New Jersey.

When Dr. Jenkins was named a chief surgical resident at Bellevue, she and the other doctors who were named chief surgical residents made history, becoming the first all-female group of chief surgical residents from NYU Langone Health Center at Bellevue. The health center has been affiliated with Bellevue for nearly 150 years. Because surgery is a male-dominated field, it's unusual to find a surgery department that can boast of a staff of all female chief residents.

Megan Dwyer, Class of 2016, is the recipient of the University at Buffalo (UB) Women's Club 2018 Grace W. Capen Academic Award. The award recognizes the achievements of UB sophomores who have completed three semesters and have a quality point average of 3.95 or higher.

## Deadline for Requests for Transportation for Daycare is August 24, 2018

The district establishes bus routes for the new school year over the summer months. Due to safety issues, no changes to daycare/sitter stops or bus stops for the newly established routes will be considered from Monday, August 27, 2018 to Friday, September 14, 2018. Daycare/sitter forms received after 5:00 p.m. on August 24, 2018 will not be processed to take effect until Monday, September 17, 2018. **You must submit a request form for daycare/sitter transportation EVERY YEAR, even if your daycare/sitter is the same as the previous year.**

You can download a Request for Transportation form from the Transportation Department's home page on the district website, [bville.org](http://bville.org). Please submit it by **August 24, 2018** so that your child has transportation on the first day of school, September 5, 2018. If you have any questions, please contact Transportation at (315)638-6097.
