FROM THE PRINCIPAL

## Excited to see your 'to be continued'

BY C.W. BAKER HIGH SCHOOL  
 PRINCIPAL KRIS DENTON

The C.W. Baker High School community is incredibly proud of each and every student and staff member. The challenges brought by COVID-19 have been many, but nothing stopped opportunity and progress for the Class of 2021. These seniors have continued to learn together, they have continued to compete, perform and make music, create art and write about their experiences. They continued to design and build, continued with scientific experiments, and have continued to ask questions and seek answers.

The C.W. Baker Class of 2021 has continued to support each other and their neighbors and given more of themselves this year than they believed possible. I can't ever imagine being more proud of a group of students.

Congratulations to this amazing group of young people! All of Baldwinsville is excited to see your "to be continued!"

FROM THE EDITOR

# Enjoy this time, Class of 2021 - you've earned it!

BY JENNIFER WING

**A**s you receive your diploma, be aware that it is much more than a piece of paper bearing your name, the date and the name of your alma mater.

It is a symbol, a touchstone that represents so many things - all of the hard work you've put in over the last decade-plus of your life as well as the lessons you've learned - even (or perhaps, especially) the hard ones - along the way.

And many of those lessons were pretty tough, particularly over the last year-and-a-half.

You had to be able to roll with the changes and keep a stiff upper lip in the face of accepting a "new normal" that included the modification, even cancellation, of many of the traditional events and experiences in which a senior in high school would typically engage.

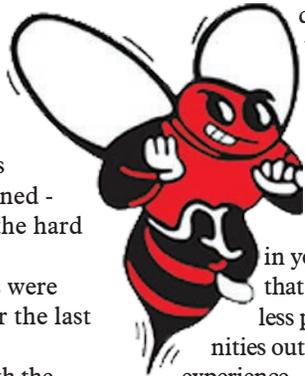

But, time and again, you rose above, accepting the things you could not change with a grace beyond your years, knowing it was for the greater good. That wisdom will carry you well into your future, whatever that may be.

The diploma you receive is a kind of deed, a stamp of ownership on the foundation you've built for the future, through your studies, extracurriculars and service to your community.

If there is one piece of advice I could impart, it is to enjoy this time, this moment in your life where the only thing that is certain is that there are endless possibilities, countless opportunities out there, just waiting for you to experience.

Ahead of you are people who will make a difference in your life and to whose lives you will make an equal impact. There are, as always, lessons to be learned, classes to take and careers to launch.

And, during this special time, when

you turn the page from being a high school student and start writing the next chapter in your life, there will be moments full of tears of sadness and joy, laughter, fun and excitement.

Enjoy these moments; you've earned them.

And enjoy your new title - Baker

alum. It's who you are. It's where you're from. It means so much more than just those two words can impart.

Like that diploma is so much more than just a slip of paper.

So, good luck, C.W. Baker High School Class of 2021. You are the pride of your hometown - go out and make a difference!
