Summary & Background

BALDWINVILLE CSD

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Summary & Background

Page Last Modified: 07/22/2021

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

- not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.

The Baldwinsville CSD held a public hearing on May 25, 2021. The public comment period was open from May 25, 2021 through June 24, 2021. The district engaged stakeholders including parents, students, teachers, and support staff members. The district solicited suggestions using the public comment period, public hearing, leadership meetings, union meetings, District-wide Joint PTA and building-level PTA meetings, building staff meetings, departmental meetings, etc..

Teachers worked with students to identified areas for enrichment and extended learning opportunities based on interest.

The district will continue to utilize the district's website, public meetings and hearings to engage stakeholders as the plan is adjusted, updated, and/or amended. The district will use social media, the district's website, and weekly emails to communicate with families.

ARP-ESSER LEA Base 90% Allocation - Program Information

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

The funds will be used to reinstate and add two custodial worker positions. This will help to ensure our facilities are being cleaned and sanitized to ensure the safe return of students to in-person instruction.

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

The Baldwinsville CSD will use universal screening data from AIMSWeb Plus in Kindergarten and 1st grade, and STAR in grades 2-9 to identify student needs and monitor student progress regularly in the areas of reading and mathematics. Formative and summative classroom assessments will be used in addition to the universal screening measures in these grades, as well as in grades 10-12.

Based on student screening, the district will implement tier 1 and tier 2 interventions using evidence-based / research-based tools and practices. Key areas of focus will include: phonics/phonemic awareness, oral reading fluency, reading comprehension, number sense, operations and algebraic thinking. Planned interventions may include the allocation of RTI staff, special educators, teaching assistance, and classroom teachers. Learning coaches will support the professional development needed to enhance instructional strategies and practices to support all students.

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

During the summer of 2021, the Baldwinsville CSD will use funds to address the academic impact of lost instructional time by dedicating resources to summer enrichment and learning opportunities for students. During the 2021-22 school year, the Baldwinsville CSD will offer before/after school academic support, enrichment, and comprehensive afterschool programs for students. These programs will be reviewed annually to determine how many students can benefit from these opportunities. Input regarding offerings was generated based on student performance data, student and staff interests, as well as staff availability. The funding is being used to compensate staff beyond contractual obligations, as well as purchase instructional supplies, materials, and equipment for these student offerings.

6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.

The Baldwinsville CSD will spend its remaining funds on maximizing in-person instructional time by (1) providing continuous improvement for all teachers, teaching assistants, and principals with training in professional learning communities which support an effective collaborative culture; (2) the reinstatement of two instructional learning coach positions to support embedded coaching opportunities; and (3) the reinstatement of two administrative internship positions to provide instructional leadership to support the before/afterschool and summer learning/enrichment opportunities for students.

7. In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Based on data collected, students with documented learning loss will receive interventions to close those gaps. The Baldwinsville CSD plans to respond to the academic, social, emotional, and mental health needs of all students by (1) creating two grant-funded positions to provide instructional support for students; (2) partnering with Onondaga County to provide tiered interventions for students, including but not limited to small group and one-on-one counseling; (3) hiring a school counselor to assist in coordinating the research, planning, professional development, and multi-tiered systems of support; (4) purchasing of evidence-based programming to provide embedded and stand-alone lessons that build social and emotional skills. The District may continue supporting these strategies following the grant period.

To address the academic and social, emotional, and mental health needs of children with disabilities the hired personnel will provide SEL and academic intervention support as part of our MTSS (multi-tier systems of support). Research shows when students social emotional needs are met they perform better academically. One key area being addressed by the personnel is building students' social skills and self-awareness based on universal screening data. Instructional coaches and counselors push-into general education classrooms to model and support best instructional strategies and practices. Our goal is to continue to supports within the general education setting since it is most-inclusive for all. Currently, over 80% of students labeled as aving a disability attend classes full-time in a integrated co-teaching setting.

To address the academic and social, emotional, and mental health needs of low-income families the hired personnel will provide SEL and academic intervention support as part of our MTSS (multi-tier systems of support). Research shows when students social emotional needs are met they perform better academically. One key area being addressed by the personnel is building students' social skills and self-awareness based on universal screening data. Instructional coaches and counselors push-into general education classrooms to model and support best instructional strategies and practices. Our goal is to continue to supports within the general education setting since it is most-inclusive for all. The district is providing transportation services to ensure low-income families have access to after and before school enrichment and summer learning.

To address the academic and social, emotional, and mental health needs of students of color the hired personnel will provide SEL and academic intervention support as part of our MTSS (multi-tier systems of support). Research shows when students social emotional needs are met they perform better academically. One key area being addressed by the personnel is building students' social skills and self-awareness based on universal screening data. Instructional coaches and counselors push-into general education classrooms to model and support best instructional strategies and practices. Our goal is to continue to supports within the general education setting since it is most-inclusive for all. Culturally responsive teaching and learning professional development and practices are being implemented to specifically support students of color, as well as all other learners.

To address the academic and social, emotional, and mental health needs of English learners the hired personnel will provide SEL and academic intervention support as part of our MTSS (multi-tier systems of support). Research shows when students social emotional needs are met they perform better academically. One key area being addressed by the personnel is building students' social skills and self-awareness based on universal screening data. Instructional coaches and counselors push-into general education classrooms to model and support best instructional strategies and practices. Our goal is to continue to supports within the general education setting since it is most-inclusive for all. Efforts to support ELLs with their language development has occured and will continue to occur through extended school year reading academy. Students identified for this support is based on the students' language proficiency. Transportation is provided for this additional programming to ensure the elimination of barriers and access for all ELLs.

ARP-ESSER Return to In-Person Instruction

BALDWINSVILLE CSD

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

The Baldwinsville CSD most current re-opening/return to in-person learning plan is/will be made available on the District's Covid-19 Dashboard at <https://sites.google.com/view/bvillecovid19/home> . There is a link for this dashboard off the www.bville.org main homepage. This is also where the community can find other Covid-19 updates as well as the ARP Plan. 2. **An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.**

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.

The District leadership team will update the plan as appropriate every six months or as regulations change. The District will share/present the updated plan at public board meetings and post to it website for comments to come to the District's communications specialist at sbuckshot@bville.org. The district will solicit comment from the public prior to recommending changes/updates to the plan. More specifically, the district will post information on social media, the district website, and in weekly communications to all district families. Any interested stakeholder will be provided with contact information to suggest changes/recommendations. Public discussions will take place during Board of Education meetings, public hearings, district-wide montly Joint PTA meetings, Lunch and Learn Sessions with the Superintendent and district leadership staff (3 times during the school year), during departmental and staff meetings (monthly), budget advisory committee meetings, and leadership meetings (2 times per month).

ARP-ESSER LEA Base 90% Allocation - Budget

PLEASE NOTE - the FS-10 and Budget Narrative are used to provide NYSED with a specific itemization of proposed project expenditures and to provide NYSED and the Office of the State Comptroller with the necessary documentation upon which payments can be based. FS-10s with missing quantities or unit costs, or with terms such "*TBD*" or "*Varies*" cannot be accepted on the FS-10 or Budget Narrative forms.

Please note: LEAs that have been allocated funds from the mandated SEA-Level Reserves in the 2021-22 enacted state budget will apply for those funds via a separate application process. NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the SED Monitoring and Vendor Reporting System. The sections below are only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.
