BIDS

1. The date and time of bid opening will be given in the ‘Notice to Bidders’.
2. All bids must be submitted on and in accordance with forms provided by the board.
3. All bids received after the time stated in the ‘Notice to Bidders’ may not be counted and will be returned to the bidder. The bidder assumes the risk of any delay in the mail or in the handling of the mail by employees of the School District. Whether sent by mail or by means of personal delivery, the bidder assumes responsibility for having their bid deposited on time at the place specified.
4. All information required by ‘Notice to Bidder’s’, ‘Specifications’, and ‘Bid Offer’, in connection with each item against which a bid is submitted, must be given to constitute a regular bid.
5. The submission of a bid will be construed to mean that the bidder is fully informed as to the extent and character of the supplies, materials, or equipment required and a representation that the bidder can furnish the supplies, materials or equipment satisfactorily in complete compliance with the specifications.
6. No alteration, erasure, or addition is to be made in the typewritten or printed matter. Deviations from the specifications must be set forth in space provided in bid for this purpose.
7. Prices and information required, except signature of bidder, should be typewritten for legibility. Illegible or vague bids may be rejected. All signatures must be written. Facsimile, printed or typewritten signatures are not acceptable.
8. Sales to School Districts are not affected by any fair trade agreements. (General Business Law, Ch. 39, Sec. 369-A, Sub.3, L. 1941).
9. No charge will be allowed for federal, state or municipal sales and excise taxes since the School District is exempt from such taxes. The price bid shall be net and shall not include the amount of any such tax. Exemption certificates, if required, will be furnished on forms provided by the bidder.
10. In all specifications, the words “or equal” are understood after each article giving manufacturer’s name or catalog reference, or on any patented article. The decision of the School District as to whether an alternate or substitution is in fact “equal” shall be final. If bidding on items other than those specified, bidder must, in every instance, give the trade designation of the article, manufacturer’s name, and detailed specification of items he proposes to furnish. Otherwise, bid will be construed as submitted on the identical item as specified.
11. Bids on equipment must be on standard new equipment, of latest model, and in current production, unless otherwise specified.
12. All regularly manufactured stock electrical items must bear the label of the Underwriters’ Laboratories, Inc.
13. When bids are requested on a lump sum basis, bidder must bid on each item in the lump sum group. A bidder desiring to bid “no charge” on an item in a group must so indicate; otherwise bid may be rejected.
14. All prices quoted must be “per unit” as specified; e.g., do not quote “per case” when “per dozen” is requested; otherwise bid may be rejected.
15. Bidder must insert the price per unit and the extensions against each item in their bid. In the event of a discrepancy between the unit price and the extension, the unit price will govern. Prices shall be extended in decimals, not fractions.
16. Prices shall be net, including transportation and delivery charges fully prepaid by the successful bidder to destination indicated in the proposal. If award is made on any other basis, transportation charges must be prepaid by the successful bidder and added to the invoice as a separate item. In any case, title shall not pass until items have been delivered and accepted.
17. Under penalty of perjury, the bidder certifies that:
 - a) The bid has been arrived at by the bidder independently and has been submitted without collusion with any other vendor of materials, supplies or equipment of the type described in the invitation for bids, and
 - b) The contents of the bid have not been communicated by the bidder, nor, to its best knowledge and belief, by any of its employees or agents, to any person not an employee or agent of the bidder or its surety on any bond furnished herewith prior to the official opening of the bid. See Section 103-d reproduced on back.
18. All bids must be sealed. They may be submitted either in plain, opaque envelopes, or in those furnished by the School District. Bid envelopes must be clearly marked “Bid”. Also the date and time of the bid opening as indicated on the Notice to Bidders must appear on the envelope. Bids must not be attached to or enclosed in packages containing bid samples. Telegraphed bids may be considered at the discretion of the School District. Telephoned quotations or amendments will not be accepted at any time.
19. No interpretation of the meaning of the specifications or other contract document will be made to any bidder orally. Every request for such

interpretation should be in writing, addressed to the School District, not later than five (5) days prior to the date fixed for the opening of bids. Notice of any and all such interpretations and any supplemental instructions will be sent to all bidders of record by the School District in the form of addenda to the specifications. All addenda so issued shall become a part of the contract document.

20. If supplies, materials, or equipment are to be delivered over an extended period of time, or if the specifications so state, then the successful bidder may be required to execute an agreement in relation to the performance of his contract, such agreement to be executed by

the bidder within 15 days after notification to execute such contract. If the specifications so state, the successful bidder also may be required to furnish a performance bond equal to the full amount of the contract to guarantee the faithful performance of such contract. Such performance bond shall be maintained in full force and effect until the contract shall have been fully performed. The surety company furnishing such performance bond shall be authorized to do business in the State of New York and must be satisfactory to the attorney for the School District. The performance bond shall be executed by the successful bidder at the time of the execution of the contract by the successful bidder and the Board.

SAMPLES

1. All specifications are minimum standards; and accepted bid samples do not supersede specifications for quality unless bid sample is superior, in which case deliveries must be the same identity and quality as accepted bid sample.
2. The School District reserves the right to request a representative sample of the item quoted upon either prior to the award or before shipments are made. If the sample is not in accordance with the requirements of the specification, the School District may reject the bid; or if award has been made, cancel the contract at the expense of the successful bidder.
3. Samples, when required, must be submitted strictly in accordance with instructions; otherwise, bid may not be considered. If samples are

requested subsequent to bid opening, they shall be delivered within ten (10) days of the request, or as directed, for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the bidder desires their return and specifying address to which they are to be returned provided they have not been used or made useless by testing. Award samples may be held for comparison with deliveries. The School District will not be responsible for any samples destroyed or mutilated by examination or testing. Samples not removed within fifteen (15) days after written notice to the bidder will be regarded as abandoned and the School District shall have the right to dispose of them as its own property.

AWARD

1. Awards will be made to the lowest responsible bidder, as will best promote the public interest, taking into consideration the reliability of the bidder, the quality of the materials, equipment, or supplies to be furnished, their conformity with the specifications, the purposes for which required, and the terms of delivery.
2. The School District reserves the right to reject all bids. Also reserved is the right to reject, for cause, any bid in whole or in part, to waive technical defects; qualifications; irregularities; and omission, if in its judgment the best interest of the district will be served. Also reserved is the right to reject, for cause, irregularities; and omission, if in its judgment the best interests of the district will be served. Also reserved

is the right to reject bids and to purchase items on State contract if such items can be obtained on the same terms, conditions, specifications, and at lower price.

3. The School District reserves the right to make awards within sixty (60) days after the date of the bid opening during which period bids may not be withdrawn unless the bidder distinctly states in his bid that acceptance thereof must be made within a shorter specified time.
4. Where a bidder is requested to submit a bid on individual items and also on a total sum or sums, the right is reserved to award bids on individual items or on total sums.

CONTRACT

1. Each bid will be received with the understanding that the acceptance thereof in writing by the School District, approved by the Board of Education, to furnish any or all of the items described therein shall constitute a contract between the successful bidder and the School District. Contract shall bind the successful bidder on their part to furnish and deliver at the prices and in accordance with the conditions of their bid. Contract shall bind the School District on its part to order from such successful bidder (except in the case of emergency) and to pay for the contract prices, all items ordered and delivered, within ten (10) per cent over or under the award quantity, unless otherwise specified.
2. The placing in the mail of a notice of award or purchase order to a successful bidder, to the address given in their bid, will be considered sufficient notice of acceptance of contract.
3. If the successful bidder fails to deliver within the time specified, or within reasonable time as interpreted by the School District, or fails to make replacements of rejected articles, when so requested, immediately or as directed by the School District, the School District may purchase from other sources to take the place of the item rejected or not delivered. The School District reserves the right to authorize immediate purchase from other sources against rejections on any contract when necessary. On all such purchases the successful bidder agrees to reimburse the School District promptly for excess costs occasioned by such purchases. Should the cost be less, the successful

bidder shall have no claim to the difference. Such purchases will be deducted from contract quantity.

4. A contract may be canceled at the successful bidder's expense upon non-performance of the contract.
5. If the successful bidder fails to deliver as ordered, the School District reserves the right to cancel the contract and purchase the balance from other sources at the successful bidder's expense.
6. Cancellation of contract for any reason may result in the removal of the successful bidder's name from mailing list for future proposals for an indeterminate period.
7. When materials, equipment or supplies are rejected, they must be removed by the successful bidder from the premise of the School District within five (5) days of notification. Rejected items left longer than five (5) days will be regarded as abandoned, and the School District shall have the right to dispose of them as its own property.
8. No items are to be shipped or delivered until receipt of an official order from the School District.
9. It is mutually understood and agreed that the successful bidder shall not assign, transfer, convey, sublet or otherwise dispose of the contract or their right, title, or interest therein, or their power to execute such contract, to any other person, company, or corporation, without the previous written consent of the School District.

INSTALLATION OF EQUIPMENT

1. The successful bidder shall clean up and remove all debris and rubbish resulting from their work from time to time as required or directed. Upon completion of the work, the premises shall be left in a neat, unobstructed condition, and the buildings broom cleaned, and everything in perfect repair and order. Old materials are the property of the successful bidder unless otherwise specified.
2. Equipment, supplies, and materials shall be stored at the site only on the approval of the School District and at the successful bidder's risk. In general, such on-site storage should be avoided to prevent possible damage or loss of the material.
3. Work shall be progressed so as to cause the least inconvenience to the School District and with proper consideration for the rights of other

successful bidders or workmen. The successful bidder shall keep in touch with the entire operation and install their work promptly.

4. Bidders shall acquaint themselves with conditions to be found at the site and shall assume all responsibility for placing and installing the equipment in the locations required.
5. Equipment for trade-in shall be dismantled by the successful bidder and removed at his expense. The condition of the trade-in equipment at the time it is turned over to the successful bidder shall be the same as covered in the specifications, except as affected by normal wear and tear from use up to the time of trade-in. All equipment is represented simply "as is". Equipment is available for inspection only at the delivery point listed for new equipment, unless otherwise specified.

6. The Successful bidder guarantees:
 - a) Their products against defective material or workmanship and to repair or replace any damages or marring occasioned in transit.

If during this period such faults develop, the successful bidder agrees to replace the unit or the part affected without cost to the School District.

2. Any merchandise provided under the contract which is or becomes defective during the guarantee period shall be replaced by the successful bidder free of charge with the specific understanding that all replacements shall carry the same guarantee as the original equipment (one year from the date of acceptance of the replacement). The successful bidder shall make any such replacement immediately upon receiving notice from the School District.

DELIVERY

1. Delivery must be made as ordered and in accordance with the proposal and specifications. If delivery instructions do not appear on order, it will be interpreted to mean prompt delivery (not to exceed 30 days). The decision of the School District as to reasonable compliance with delivery terms shall be final. Burden of proof of delay in receipt of order shall rest with the successful bidder. Failure to deliver because of delayed payments or for any other reason except that described in Paragraph 51 will be cause for open market purchase at the expense of the successful bidder.
2. The School District will not schedule any deliveries for Saturdays, Sundays, or legal holidays, except commodities required for daily consumption or where the delivery is an emergency, as replacement, or is overdue, in which event the conveniences of the School District shall govern.

6. Unloading and placing of the equipment and furniture is the responsibility of the successful bidder and the School District accepts no responsibility for unloading and placing of equipment. Any costs incurred due to the failure of the successful bidder to comply with this requirement will be charged to them. No help for unloading will be provided by the School District, and suppliers should notify their truckers accordingly.
7. All deliveries shall be accompanied by delivery tickets or packing slips. Tickets shall contain the following information for each item delivered:

IRAN DIVESTMENT ACT CERTIFICATION

The Iran Divestment Act of 2012 ("Act"), Chapter 1 of the 2012 Laws of New York, added State Finance Law (SFL), §165-a and General Municipal Law §103-g, effective April 12, 2012. Under the Act, the Commissioner of the New York State Office of General Services ("OGS") developed a list ("Prohibited Entities List") of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). In accordance with SFL §165-a(3), the Prohibited Entities List may be found of the OGS website at: <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf> .

Pursuant to General Municipal Law §103-g, by signing below, Bidder certifies as true under the penalties of perjury that: By submission of this proposal each Bidder and each person signing on behalf of any Bidder certifies, and in the case of a joint proposal each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each Bidder is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law.

A proposal shall not be considered for award nor shall any award be made where the certification has not been made, provided, however, that if in any case the Bidder cannot make the certification, the Bidder shall so state and shall furnish with the proposal a signed statement which sets forth in detail the reasons therefor. The Baldwinsville Central School District ("District") may award a contract to a Bidder who cannot make the required certification on a case-by-case basis if:

The investment activities in Iran were made before April 12, 2012, the investment activities in Iran have not been expanded or renewed after April 12, 2012, and the person has adopted, publicized, and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran: or

The District makes a determination that the goods and services are necessary for the District to perform its functions and that, absent such exemption, the political subdivision would be unable to obtain the goods or services for which the contract is offered. Such determination shall be made in writing and shall be a public document.

During the term of the Contract, should the District receive information that a person is in violation of the above-referenced certifications, the District will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the District shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the contractor in default.

The District reserves the right to reject any bid, proposal, contract or request for assignment for an entity that appears on the Prohibited Entities List prior to the award or execution of a contract or any renewal thereof, as applicable, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities List after contract award.
